

Put a fire in my spirit

Vrs

Lord I need your help to tell others about you

Lord I need your help to stand and speak the truth

On my own I just can't make it, on my own I've tried and failed

But if you touch me with your spirit Lord

I can do it with your help

Cho

Just put a fire

Put a fire in my spirit

Put a fire

Put a fire in my soul

Holy Ghost please come abide in me and take complete control

Take my hands my feet my mouth to speak

Let your spirit overflow

Just put a fire

Put a fire in my spirit

Put a fire in my soul

Vrs 2

Lord I need your help to keep fighting for the right

Lord I need your help to live by faith and not by sight

Send your old time power down on me

Let the latter rain and your glory we'll see

Lord fill this house and revive me once again
