

Don't Lay Your Sword Down

**Chorus: Don't lay your sword down,
we're fighting for the right and we're gonna win,
don't give up , no compromise ,
the victory is coming on the other side ,
don't , don't , don't lay your sword down.**

**Vs1 We're soldiers in an army, the army of The Lord,
we are breaking through the darkness by the Power of His word ,
we will conquer by His spirits , taking back what's been destroyed,
with our shield of faith, we are pressing on.**

**Vs2 Marching with the Gospel His message
we'll proclaim hope unto the hopeless life in
Jesus name Onward in the harvest, to labor, watch and pray ,
till the sounding of trumpet , and we are caught away**

**Bridge: Fighting for my savior The battle is most won
The trumpet will sounding The coming of the son**
