

Graduation Day

V1

It's your graduation day.

Seems like only yesterday you were a child now today you're grown
oh the years have gone so fast and this day is here at last.

There's just one thing I'd like to say to you.

Chorus

Just choose Jesus

Just choose Jesus

There are paths and all directions leading to the great unknown,
but just choose Jesus

Just choose Jesus

And no matter where he lead you, I know that he will lead you home

V2

Yet, in all this excitement, there are worries there are fears
the uncertainty of knowing what's ahead in coming years
and there are many questions.

You are asking what to be and where to go.

There's just one choice to follow that will lead you where you go.
