

Holy Ghost Power

**V1: In Acts chapter two the story is told
How the Holy Ghost fell back in days of old
One hundred and twenty in one mind and one accord
Waiting for the promise that was given by our Lord**

**CHORUS: (He said you need)
You need the Holy Ghost power
(He said you need)
You need the Holy Ghost power
In the truth the spirit will lead
To preach the word to a world that's in need
(You need) you need
(You need) you need
The Holy Ghost power**

**V2: Well if you have been washed in the blood of Jesus Christ
And you are trying to live a sanctified life
It's time to step out deeper and get all He has for you
Just lift your hands toward Heaven
And He will fill your soul anew**
