Forever In Love

As young man I have dreamed of what the future held for me
Would I meet the Lady of my dreams
As I grew and Looked around
Saw what true Love was about
I'd sit and think would it ever come to me

When you walked into my life
I never dreamed a love like this could happen to me
Love, a gift from God above
Two hearts became as one
You and I together,
Forever in Love

Take My Life

Words & Music by Ruth Brimm

Verse 1

I surrendered my heart to You so many years ago.
Yet there are things in my life You want to let go.
So I come now in surrender, search every corner of my heart.
Let Your Holy Spirit guide me, never from You depart.

Chorus

Take my life, take my all.
Lord, I answer to Your call.
Take my dreams and my plans.
My life is in Your hands.
May the world always see more of You and less of me.
Take my life, Lord, take my all.

Verse 2

Draw me now to a closer walk, draw me nearer to the cross.
Help me purify my life, with Your Word now sanctify.
So no matter what the world may say,
And no matter where You lead:
I will follow You, Lord, all the way.
I'll be what You'd have me be.

Chorus II

Take it all, take it all.
What this world can offer me, take it all.
For one hundred years from now, it won't matter anyhow.
What this world can offer me, take it all.

New Wave of Glory

V1: I remember when the glory fell that one camp meeting night
The preacher was heard preaching
How the Christian must live right
The people started praising God
You can feel the Holy Ghost
And I just can't describe to you just how the Glory rolled

V2: I was sitting in the second row the fourth seat on the right
When a holy presence entered that could not be denied
And before I even knew it I was standing to my feet
People shouting, people praising
You could hear some other weep

V3: The next thing I remember I was walking down the aisle
The glory filled the entire room
In Hallelujah style

Chorus: We need a new wave of glory let it flood down in our soul
We need the power of your spirit
To come in and take control
We need a holy anointing like we've never had before
We need a new wave of glory in our soul

Honor Where Its Due

Vs1

He was a young man when he answered the Call
Full life eighteen years old
With a Guitar and Bible in his hand
He began to walk this road
Standing bold out on the corner
As a soldier of the cross
Singing Gospel songs and telling the Good News
That Jesus came to save lost

Chorus

Fifty-years of preaching Jesus
Pointing Sinners to the cross
And many nights of tear stained alters
Interceding for the lost
Ever busy in the harvest
Always faithful to the truth
50 years of faithful service to the Lord where giving Honor Where its due

Vs

From the wrong side of the track to his Bible in his hand and
He never looked back
He never looked back
Never looked back
He never He never looked back

Fifty-years of preaching Jesus
Pointing Sinners to the cross
And many nights of tear stained alters
Interceding for the lost
Ever busy in the harvest
Always faithful to the truth
50 years of faithful service to the Lord where giving Honor Where its due

Livin Start At Calvary

VS 1

People ask me why I'm not the same
Whats the difference what has brought the Change
How can I smile on a lousy day read my Bible
Bow my head to pray
I cant explain just how it came about
But I know its real without a doubt
I knelt down so burden full of sin
And Thats the day Jesus Christ came in

Chorus

What I'm living for Lord I'm Living for you
What I given is the least I can do
It's no act no show put on
Just giving Thanks for what You have done
So don't mind me when I sing and I shout
I just found out what life is all about
My sins are gone and I have been set free
I found that living starts at a Calvary

VS2

Since I've found the Lord there Joy in my soul
I Just cant help but let his praises roll
He gave me love for a broken
He gave me peace and a brand new start
He took a black heart that was full of sin
And with His blood He washed me clean within
Since that time never been the same
and everyday I've got to Praise His name

Just How Far You've Gone

Vs1

I remember when the fire was still burning in yourself and the youth group playing and me and you couldn't like to go there was joy such excitement right you did enjoy now you've lost your fresh commitment. You're not sure which way to go.

Chorus

Stop turnaround see how far you walked away.
Stop turnaround. Look how far that you have strayed
You've been going through the motions when to stand and when to pray
You've been kneeling at an altar, but your heart so far away
Stop turn around and see just how far are you gone?

Vs2

The day somebody hurt you, you took a step away
And the anger that you're feeling has made it hard to pray
You took your eyes off Jesus letting others in the way now you're handing out excuses things are fine and I'm OK

Chorus

Bridge

Stop turnaround the Savior gently calling
Stop turnaround the Savior gently calling

You've been going through the motions of when to stand and when to pray
You've been kneeling at an altar, but your heart so far away
stop turn around and see just how far you've gone

Our hearts in one accord, right now we're waiting on the Lord
There's no way we can leave empty
We will tarry till your spirit
Fills our heart to overflowing with your power and anointing
We are waiting waiting on you, Lord

Holy anointing, let it fall on me
Holy anointing, let it fall on me
My soul is thirsty, Lord would you hear my plea?
Holy anointing, let it fall on me

Rain of revival, let up fall on me
Rain of revival, let it fall on me
My soul is thirsty, Lord would you hear my plea?
Rain of revival that it follow me
