

Together

Words & Music by: Ruth Brimm

In the world that's all around us it is get what you can get
Climbing up the ladder that will lead you to success
But there is no competition in the army of the Lord
We must fight this fight together, we must fight in one accord.

Chorus

Together, united we must stand
Together, the Church of God must take a stand
For holiness and righteousness, unafraid to speak the truth
Together, me and you.

Though the wars rage on around us, new battles with each day
Christians fighting wearily to keep wickedness at bay
An isolated soldier becomes Satan's easy prey
We must bind in prayer together and His Word we must obey.

Ending

Together, united, undivided, standing strong in one accord
Together, united, undivided, standing strong in one accord
Me and you.
