

Walking this Walk

VS 1

Even though I am young,
I have so much to learn.
It seems I keep falling every which way that I turn .
Im determined I'm gonna make it.
I will hold out to the end.
I'm gonna keep walking this walk this way till I Reach home.

Chorus

I'm gonna serve the Lord no matter what comes my way today.
I'm gonna live this life, no matter what my friends say.
Though Satan come against me and he tries to make me fall.
I'm gonna keep walking this walk this way till I reach home.

VS 2

Even though I get weary
And the road seems so rough.
Satan comes telling me, why don't you just give up.
That's when the Lord reminds me that in Him there's victory.
So I will keep walking this walk this way till I reach home.
