

## You Came Too Late

Chorus

You came too late to tell me God don't love me.  
You came too late to tell me God don't care.  
I'm trusting in a God that keeps his promises and  
I know he is a God that never fails.

VS1

You can criticize Holy Ghost and shouting  
You can tell me that God's healing is just a shame,  
but I dipped too many times in the living water  
I can testify he's alive and well.

Chorus

You came too late to tell me God don't love me.  
You came too late to tell me God don't care.  
I'm trusting in a God that keeps his promises and  
I know he is a God that never fails.

VS2

Well, sinner friend if you have never met my Savior  
And you doubt He can save your soul from sin,  
Just look around and see all these happy faces  
God can do for you what He's done for them.
